Oceanside CA- On June 19th and 20th, members of the Oceanside Police Department's Special Enforcement Section, in conjunction with the Federal Bureau of Investigation, participated in an anti-human trafficking operation titled "Operation Cross Country". SES arrested five people for prostitution and one person for pimping on Thursday, June 19th plus an additional five people were arrested for prostitution on Friday the 20th.

Operation Cross Country is part of the FBI's Innocence Lost National Initiative and was conducted with the assistance of more than 8,500 local, state, and federal law enforcement officers representing 414 separate agencies. To date, 47 Innocence Lost Task Forces and working groups have recovered more than 2,200 children from the streets. The investigations and subsequent 1,017 convictions of pimps, madams, and their associates who exploit children through prostitution have resulted in lengthy sentences—including multiple sentences of 25 years to life in prison—and the seizure of more than \$3 million in assets.

"Child prostitution remains a major threat to children across America," said Kevin Perkins, acting executive assistant director of the FBI's Criminal, Cyber, Response, and Services Branch. "It is a violent and deplorable crime, and we are working with our partners to disrupt and put behind bars individuals and members of criminal enterprises who would sexually exploit children."

The 2014 sting operation as reported in multiple news outlets- none of them seem to get any of the stats right- or at least the same stats. In this article, it claims there were only 2,200 children recovered, while the Wisconsin article says there were 3,600- a difference of 1,400 'victims.' Above: from the sting in [Oceanside California \(Osida News.com\)](#) June 23rd, 2014: It does not appear that any of those arrested were minors, although the FBI claims it recovered 2 minors in San Diego... but this sting used "MORE THAN 8,500 local, state and federal law enforcement agents" to 'recover' 168 minors in 106 cities? Statistically, this is the worst year yet. See chart next page for more info on how many cops it took to 'rescue/ recover' ONE minor...

"Operation Cross Country reveals that children are being targeted and sold for sex in America every day," said John Ryan, President and CEO of NCMEC. "We're proud to partner with the FBI and provide support to both law enforcement and victim specialists in the field as they help survivors take that first step toward freedom."

To date, the FBI and its task force partners have recovered nearly 3,600 children from the streets. The investigations and subsequent 1,450 convictions have resulted in lengthy sentences, including 14 life terms and the seizure of more than \$3.1 million in assets.

"Off the streets: 12 pimps arrested, six juveniles recovered in Milwaukee during nationwide operation"

JUNE 23, 2014, BY KATIE DELONG, Above: [from the sting in Wisconsin](#). Ms. Delong reported "To date, the FBI and its task force partners have recovered nearly 3,600 children from the streets. The investigations and subsequent 1,450 convictions have resulted in lengthy sentences, including 14 life terms and the seizure of more than \$3.1 million in assets." [we note that the government continues to claim that [human trafficking is a \\$32 BILLION a year criminal enterprise](#)... so how is it that they were only able to seize \$3.1 MILLION over the 11 year period?- that's \$387,500 PER YEAR THEY HAVE SEIZED... BUT IT COST FAR MORE THAN THAT TO CONDUCT THE STING- LIKE ABOUT AT LEAST \$85 MILLION OVER THE FOUR YEARS HIGHLIGHTED IN THIS DOCUMENT...]

This report also claimed that "Operation Cross Country was a week-long enforcement action to address commercial child sex trafficking across the country..." and yet, others reported that the sting took place from June 19 to the 21st.. three days- not a week.

"more than 8,500" law enforcement agents to 'rescue' 168 minors in the 2014 sting? Why, that's an astonishing rescue rate of 50 agents per ONE CHILD RECOVERED! [and in 106 cities, that amounts to an average of 1.58 child per city... a major epidemic for SURE!]

"operation cross country was a week long action..." that took place from June 19 to 21... which is THREE DAYS- NOT ONE WEEK... SO, WHICH WAS IT? 3 DAYS OR 7 DAYS? CAN ANYONE COUNT? ARE THEY ALL SMOKING CRACK?

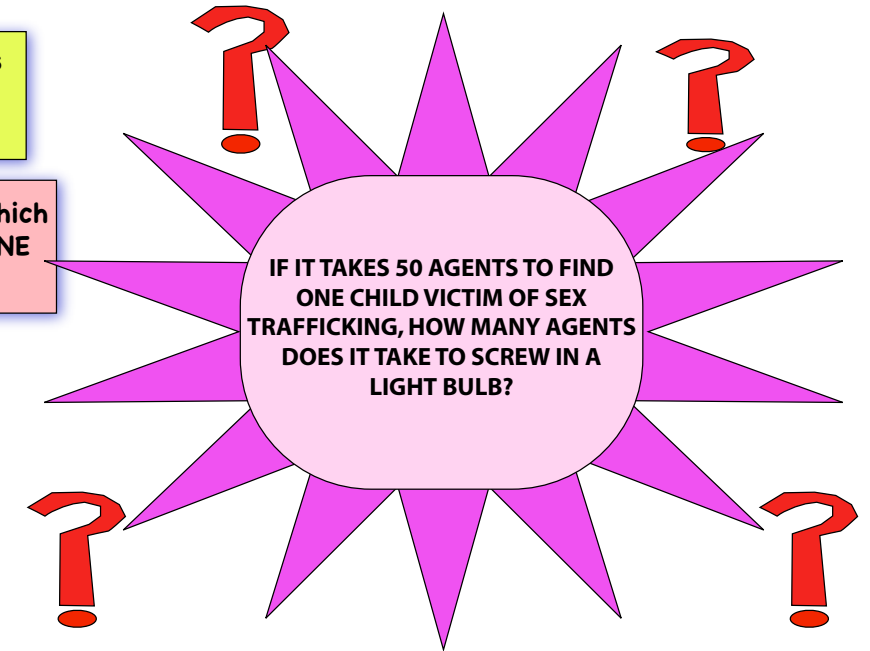

"to date, (over 11 years) the FBI and its task force partners have recovered NEARLY 3,600 children from the streets..." (as quoted from the FBI press release June 23, 2014) but the other article says "to date, Innocence Lost task forces and working groups have recovered more than 2,200 children from the streets"- a significant difference of 1,400 children- and over the 8 different stings conducted during this period from 2003 to 2014, that means 275 per year if there were 2,200, but 450 per year if there were 'nearly 3,600...' And in a different FBI press release (June 23, 2014) Special Agent Perryn Collier states "To date, the FBI and its task force partners have recovered MORE THAN 3,560 children from being exploited..." HOW MUCH "MORE THAN"????

Child Exploitation: \$10.8 million and 20 positions (4 agents) to enhance child exploitation investigations and prevent child predator advances before they begin. Studies estimate between 200,000 and 300,000 children are being forced into prostitution at any given time in the United States. The average age of a new child prostitute is 13, and the life expectancy after becoming a child prostitute is 7 years. The resources in this request will support the FBI's Innocence Lost field investigations, Child Sex Tourism investigations, and Innocent Images Initiatives. FY 2011 current services for this threat are 811 positions (82 agents) and \$322.3 million.

THE US DEPARTMENT OF JUSTICE AND FBI SAY: "Child Exploitation: Studies estimate between 200,000 and 300,000 children are being forced into prostitution at any given time in the United States. The average age of a new child prostitute is 13, and the life expectancy after becoming a child prostitute is 7 years." <http://www.justice.gov/jmd/2011summary/pdf/fy11-fbi-bud-summary.pdf>

THE CHIEF "VICTIM PIMP" ORGANIZATION, THE POLARIS PROJECT, ALLEGES THAT A 'STANDARD DAY' WORKING AT A RESIDENTIAL BROTHEL IS 10 AM TO 10 PM, 7 DAYS PER WEEK... AND EACH WOMAN AND CHILD MUST HAVE SEX WITH 25 TO 48 MEN DAILY...

Surely, if this statistic was even HALF true - where were those children when there were 8,500 cops looking for them in 2014, and from 2011 to 2016, when a combined total 8,500 cops were combing the streets and the internet looking for them? Whether it was 2,200 or 3,600 children rescued/ recovered over the 11 year period (2003-2014) and the 8 sting operations they conducted, wouldn't you think that these experienced law enforcement agents with ALL THOSE RESOURCES at their fingertips (hundreds of millions of dollars) they could find at least ONE CHILD PER AGENT rather than 40 AGENTS PER CHILD?

AND WHAT ABOUT THE 96% OF CHILD SEXUAL EXPLOITATION VICTIMS WHOSE PREDATORS ARE NOT BUYING THE SERVICES OF CHILDREN? (pages 92- 93) WHO IS RESCUING THEM FROM THE PILLARS OF THE COMMUNITY INCLUDING THE NUMEROUS COPS WHO RAPE MINORS?
