Oh the lies the 'victim pimps' tell in their quest to raise money to abolish all prostitution... and it's NOT 'for our own good'!

"One in three runaways is recruited by a pimp within 48 hours of leaving home..."

WHERE DO THEY GET THIS STUFF? They ought to tell the FBI where to find these pimps, because the FBI can't seem to find very many victims or many of these pimps either:

JULY 26 to July 28, 2013 "Operation Cross Country"—3 days, 3,900 agents (local, state and federal) in 76 cities- concluded with the 'recovery (ARREST) of 105 sexually exploited children' and the arrests of 150 pimps and other individuals (adult prostitutes).

Why, that is an astonishing 1.4 children rescued per city, using 37.1 law enforcement agents per rescue and giving each pimp 0.7 child to exploit... And it was nearly as successful as the last two 'recovery efforts' in 2011 and 2012...

You'd think that with 4,680 acts of sexual violence and rape per minor per year, they'd be able to locate a few more victims and pimps...

Perhaps if the cops weren't so busy molesting children they might have time to look for victims...

no how many children raped by pedophile cops will it take to make celebrities care about their victims?

Reggie Gallary: The Worst of the Worst

Section 8: COPS WHO MOLEST CHILDREN, INCLUDING VERY YOUNG CHILDREN

"From one child to the next..." says Reggie Gallary, in demanding that his colleagues who do not "admit they molest the children..." Apparently the exception would be when the predator is a law enforcement officer who "protects the children..."

NOTE: NONE OF THESE OFFICERS WERE SEEMING TO PURCHASE THE SEXUAL SERVICES OF CHILDREN, INSTEAD THEY USED THEIR POSITION OF TRUST TO MOLEST THEIR VICTIMS. What are we going to do to stop these predators from harming children? What does law enforcement do?

With so many names to choose from, it was difficult to decide which ones to share. But you can view the full personnel and check out their stories (click links)

And it might help if, when a police chief is caught having raped a THREE YEAR OLD GIRL-TWICE- he at least be sent to prison for a week or two rather than being sentenced to PROBATION... as Pike Co. Ohio Chief Deputy Clyde Franklin Sanders Jr. received when sentenced in July 2013...

In 2012, over 200 cops - including a number of police chiefs- were charged with or sentenced for molesting children.

That is NOT an estimate!

The authors of the study to which 'victim pimps' refer when they claim hundreds of thousands of "children at risk" said, "A close look at these diverse estimates reveals that none are based on a strong scientific foundation. They are mostly educated guesses or extrapolations based on questionable assumptions... The reality is... scientifically credible estimates do not exist."

According to the FBI Bureau of Justice Statistics, over a period of 31 years- from 1981- 2011, the majority of females arrested for prostitution were between 25 and 29. Statistically then, it would be impossible for an 'average age for entry into prostitution' to be 13, or 14, or 15 or even 17...

Women who are in their 60s were and are being arrested for prostitution- in fact, there were 789,451 women over 30 arrested for prostitution during that period from 1981 to 2011, but only 34,901 females under 18... Hmm... SOMEBODY is SERIOUSLY mathematically challenged...

According to the FBI Bureau of Justice Statistics, in 31 years- from 1981- 2011, the total number of arrests of females under 18 (minors) for prostitution: 34,901

Of these, 16,994 were 17 years of age, 8,987 were 16 years of age, 5,016 were 15 years of age, 3,454 were aged 13- 14, 256 were aged 10- 12 and 187 were under 10...

HOW can the 'average age for entry into prostitution be 13? It must be the new math...

HOW DO THEY COME UP WITH THIS NONSENSE? We only live 7 YEARS after becoming sex workers? You couldn't prove it statistically, as this chart shows... Maybe someone ought to tell the hundreds of thousands of adult sex workers who have, through the years, used their sex work income to put themselves through college, or to support themselves and their children so they can leave an abusive husband, or to fund their other endeavors until they became successful in whatever field of interest they have such as writing, film making, photography, painting, sculpting, acting and the many other arts and activities in which they engage while doing sex work or aspire to do when they save up enough money. The many actresses in Hollywood who worked in the biz before they made it can attest to living far longer than 7 years...
