I find it funny how hypocritical our system is. Every study claims that girls brains develop quicker than boys. Yet, when a 40 year old woman has sex with a 15 year old boy, she get probation, but when it's a 15 year old girl why does every seem to cry for her? Isn't her brain beyond the boys? Isn't she more mature? 16 and pregnant shows depict how a 16 year old can raise a kid, but can't sleep with someone over 18? It wasn't rape people. Are they mature or not? Make the age 15 or 16. The law doesn't mind giving a

16 year old her license and putting her on the road to drive while risking the lives of everyone around her. But they think they are mature enough to drive, but they are not mature enough to choose who she has sex with??
