Sex Offender Issues

Sex offenders have the second LOWEST recidivism rate of all criminals, except murderers. See the [RECIDIVISM](#) link below for studies. Sex offender, child molester, pedophile and predator are not all one and the same, so stop spreading lies that sex offenders are child molesting, pedophile predators who want to abuse and/or kill your kids, it's just pure disinformation.

BILOXI -- A veteran Biloxi police officer who resigned in 2010 amid an investigation into alleged misconduct

has been indicted on a charge of sexual battery of a minor.

Darian LLeuwellyn Anderson, 49, surrendered Friday to Harrison County sheriff's investigators. The former police officer with more than 18 years of service is accused of having oral sex in June with a girl who was then 14 years old.

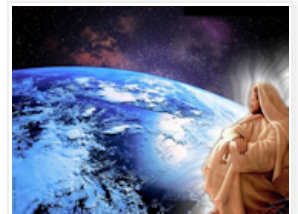

Anderson was booked into the Harrison County jail about 10 a.m. Feb. 11 and released less than 20 minutes later on a \$25,000 surety bond. He's living out of state and could not be reached for comment.

"When this whole thing started, I said I wasn't going to tolerate any shenanigans, and that is exactly what I meant," Biloxi Police Chief John Miller said Thursday. *"I did what I thought was right. After we completed the investigation, I sent the case to the grand jury to let people who had no knowledge of it decide whether it was right or wrong."*

A grand jury heard the evidence and decided to indict Anderson on the sexual battery charge.

Anderson was not on duty when the crime is said to have occurred, Miller said.

"This is something we caught wind of," he said. *"We looked into it ourselves. This is not something somebody repeatedly complained about."*

When Miller learned of the indictment, he said he informed Anderson, and said Anderson's name had been entered into the National Crime Information Center Database to give him the opportunity to surrender before he was picked up elsewhere.

Coast attorney and former federal prosecutor Tom Payne is representing Anderson. Payne said he and his client were *"taken aback when he was indicted because we don't feel like there is any credibility to the allegations at all, even though my client befriended the older sister of the (alleged victim). They were street people, and he was trying to help them by giving them money but he never had any kind of relations with the 14-year-old girl. They were always needing money, and he was always very caring, and it got him in trouble."*

In fact, Payne said it wasn't until after the girl's older sister and father were the subject of an investigation into possible human trafficking that the allegation against Anderson surfaced. The girl's sister and father were arrested about a month after the investigation into Anderson was launched.
