July 30, 2011

Wheeler, WI - On Friday, Dunn County District Attorney James Peterson during a court hearing requested a change of venue for the criminal case against Wheeler Police Chief Gary L. Wayski, 55, of Menomonie. Peterson transferred Wayski's case to Eau Claire County for prosecution.

Wayski was charged in Dunn County with nine felony counts including having multiple sexual contact with several boys ages 16 and 17 at his residence, according to the criminal complaint. Wayski is charged with misconduct in office, two counts for causing child to expose genitals, two counts exposing child to pornography, two counts for exposing child over 13 to view and listen to sexual material, and two counts of child enticement.

Wayski was ordered not to have contact with the two teenagers and has been placed in administrative leave from the Wheeler Police Department pending the outcome of the case.

WSAW dot com reported that Wayski provided alcohol in energy drinks and pornographic movies to the teens. The 17-year-old boy told investigators he had sex with Wayski about 30 times since March and the 16-year-old boy admitted to having sexual contact with Wayski about 10 to 15 times between March to July.

The teens met Wayski when he busted them in March for a church burglary on July 16 and then offered to mentor both boys. The teens said Wayski threaten them with jail, if they exposed the sexual encounters. When Dunn County Sheriff investigators and police went to Wayski's residence, they discovered his home computer was taken apart and the hard-drive was missing. Wayski apparently admitted contact with the teens and gave statements consistent with the teens allegations to sheriff investigators.

Wayski told investigators that the teens had access to
