A former Warsaw police officer is now facing child molestation charges.

Font Size: A A A

Timothy Whitright resigned from the force last month following allegations of an inappropriate relationship with a sixteen-year-old girl. Whitright is now formally accused of making sexual advances and touching a girl who was under fourteen years of age back in November of 2010.

Court documents obtained by News Center 16 show Whitright admitted to making the advances, but he denies inappropriately touching the girl.
