A retired Alexandria Police Officer is charged with 6 counts of aggravated incest.

He is 64 year old Walter Urena of Fendler Parkway in Pineville.

He was arrested at his home Tuesday by RPSO detectives with help from the U.S. Marshal Task Force.

Lawmen are probing other complaints in which Urena is a suspect and more charges are possible.

If memory serves, Urena was a pretty good policeman. It's easy to bring charges like this and they occur all the time by an angry girlfriend or a disciplined child. We should really wait and see on these kinds of cases.

Incest, the game all the family can play, is always a crime greater in all respects than people imagine, particularly in the other Americas, where it is often uncontrolled because of its taboo nature and the blindness of religion.

No man should ever be judged before trial.

But "being a good cop" does not necessarily translate as blameless behaviour behind closed doors at home. A friend has been deaf in one ear since childhood. Her father was heralded as a police hero. At night he would disappear into the bush to fight the worst excesses of the Mau-Mau in Kenya.

At least, in this case there is no closing of ranks.

Just shows that you should follow sir Thomas Beecham's advice:

'In this life try everything once, except incest and morris dancing.'

Sexual abuse is learned behaviour. The good news is that it can be unlearned.

I know Walter and is no criminal! He is a wonderful man who raised his daughters, granddaughters, and stepdaughters. I am very close to him and all this is bullshit!!! Somebody is just out to destroy him and I hope they rot in hell.....!

You obviously don't know Walter that well because you didn't list his two sons but you did say "raise" & he definitely didn't raise them!!!!
