Officer Michael E. Moore, Sr., 43, took himself off the city's payroll Nov. 9 and is the subject of an "open Internal Affairs investigation" by the Toledo Police Department, spokesman Lt. Joe Heffernan said Tuesday. He added that under terms of the contract with the Toledo Police Patrolman's Association, he cannot comment on the nature of the investigation.

According to an affidavit for a search warrant filed in Toledo Municipal Court, police sought permission this month to search a pickup owned by Officer Moore that was being held as evidence in the TPD impound lot. Investigators wanted to access the officer's cell phone that was inside the vehicle, the affidavit stated, as part of an investigation into allegations that the officer had used the phone to arrange meetings for sexual encounters with a minor and picked her up in the truck.

The search warrant was executed Nov. 14, according to court records.

Jeff Lingo, chief of the criminal division for the Lucas County Prosecutor's Office, declined to comment on the case.

Dan Wagner, president of the TPPA, also said he could not comment because of provisions in the union contract.

Officer Moore joined the police department in December, 2002.
